7-KETO® DHEA

Supports healthy
weight management*

100 MG • 120 VEGGIE CAPS

DIETARY SUPPLEMENT

Directions: As a dietary supplement for adults, take one (1) vegetarian capsule two (2) times daily, or as directed by a physician.

7-KETO® (a trade name for 3-acetyl-7-oxo dehydroepiandrosterone or 7-oxo-DHEA) is a substance found naturally in the body and is primarily produced by the adrenal glands. 7-KETO® is metabolized from DHEA, and similarly to DHEA, 7-KETO® levels have been known to decline with advancing age. However, unlike DHEA, 7-KETO® does not convert to estrogen or testosterone. This lack of conversion with 7-KETO® may be beneficial since overproduction of these two hormones can lead to unwanted side effects.*

Store in a cool, dry place. **KEEP OUT OF REACH OF CHILDREN**
