Directions: Adults: Take one (1) softgel once or twice daily with food, or as directed by a physician.

Healthy Origins® Ubiquinol is the active antioxidant form of CoQ10, responsible for the powerful preventative benefits associated with CoQ10. Normally, the conversion process from CoQ10 to Ubiquinol occurs naturally within the body; however, certain individuals may have difficulty with the natural conversion process. Ubiquinol supplementation is important for individuals suffering from specific conditions, especially related to oxidative stress, and those over 40 years of age.*

Kaneka Ubiquinol™ has been the subject of clinical trials for heart health, women's health, cellular health and exercise recovery.*

Healthy Origins® Ubiquinol is encapsulated in the USA using only Kaneka Ubiquinol® produced in Pasadena, TX. Q+®, Kaneka Ubiquinol® and the quality seal® are registered trademarks of Kaneka Corporation.
