

Directions: Take one or more capsules daily with or without meals.

ChagaStrength is the power of wild, raw chaga mushroom fortified with wild, raw birch bark and organic, wild oregano. This combination creates immense immune and physical power. Wild chaga is the world's top source of wild SOD, while birch bark is the richest source of betulin. Testing shows that the superoxide radical-quenching power of ChagaStrength is extremely high. The wild oregano greatly fortifies the chaga. Take ChagaStrength capsules daily, and feel the difference.
