

DIRECTIONS: Take one (1) to two (2) capsules one to two times daily, or as directed by a healthcare practitioner.

Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

Glutathione GOLD™ consists of a patented, acetylated form of glutathione. As a result, it is well-absorbed and more stable throughout the digestive tract than other available types of glutathione. Ingredient absorption is further promoted by utilizing an enteric-coating process. Lab results show that S-acetyl glutathione raised intracellular glutathione while having a positive impact on many oxidative stress biomarkers.*
