

Directions: Take one (1) capsule one to two times daily, or as directed by a healthcare practitioner. Individuals taking medication, children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Iron Complete is an activated iron complex formulated for maximum bioavailability and flexible dosing. Beneficial cofactors are included to support the body's natural immune function, cardiovascular health, and cognitive development. Patented **Ferrochel® Iron** (ferrous bisglycinate chelate) is utilized for increased stomach tolerability and optimal absorption. Studies indicate that combining iron with essential B vitamins and vitamin C is superior to using these nutrients individually. This advanced formula combines the active forms of vitamins B6, B12, folate and vitamin C with well-absorbed iron bisglycinate – for the optimal blood-building supplement. Additional ingredient effectiveness is achieved by using DRcaps® acid-resistant capsules.*

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children. Do not throw out the desiccant, as it's needed for freshness.

Formulated to Exclude: Fillers, gluten, wheat, soy, corn, yeast, animal or dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO's), preservatives, artificial sweeteners or colors.
