

Directions: Take one (1) capsule daily, in the morning, with a meal or as directed by a healthcare practitioner.

Warning: Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

MicroActive® CoQ10 Enhanced with MicroPQQ® + Shilajit is a triple-action heart health and cellular energy support formula specifically designed to fuel mitochondria and protect mitochondrial function while promoting biogenesis. This unique complex contains highly bioavailable forms which are universally absorbed with much higher effectiveness levels when compared to standard CoQ10 & PQQ alone. The combined ingredients are clinically-studied with results showing improvement in short-term memory, focus and cognitive health.*

MicroActive® CoQ10 (24-hour sustained release) has been proven to double CoQ10 serum levels in 3 weeks among 100% of subjects, making it 3x more bioavailable than crystalline CoQ10. **MicroPQQ®** protects against mitochondrial damage and is 2x better absorbed than other forms of PQQ due to its 9+ hour sustained release profile. **PrimaVie®** is an organic, purified shilajit from the Himalayan mountains, containing 3 bioactives: Urolithins (DBPs), fulvic acid & 40+ micro minerals - maximizing your body's absorption of CoQ10 & PQQ.*

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.

Formulated to Exclude: Gluten, wheat, soy, corn, yeast, animal or dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO's), preservatives, artificial sweeteners or colors.
