

Directions: Take two (2) capsules daily, or as directed by a healthcare practitioner.

Warning: Individuals using blood thinners or receiving cancer treatment, children, pregnant and lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

Nrf2 Boost™ contains well-researched and highly bioavailable ingredients in a vegan-friendly formula which activate the Nrf2 genetic pathway, promoting optimal cellular health. This pathway regulates the production of the body's crucial antioxidant enzymes such as catalase, glutathione and superoxide dismutase (SOD) in addition to down-regulating inflammatory factors such as NF- κ B. This formula is further enhanced with the inclusion of Myrosinase - essential for glucoraphanin to sulforaphane conversion. BioPerine® (a patented black pepper extract), Sunflower Lecithin, and DRcaps™ are utilized to promote maximum absorption of all nutrients.*

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.

Formulated to Exclude: Fillers, gluten, wheat, soy, corn, yeast, animal or dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO's), preservatives, artificial sweeteners or colors.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**
