

WWW.WILEYSFINEST.COM

This unique formula contains half purified and concentrated EPA & DHA Omega-3 Fish Oil and half non-GMO Pine Tree Sterol Esters. Plant Sterols are well studied as a natural alternative to support healthy cholesterol metabolism. While most other plant sterol products are made from corn and/or soy, our North American pine tree sterols source is the best choice for a non-GMO sterol product.

Made with  ALASKOMEGA®

Our Story

Wild Alaska Pollock from an MSC certified Fishery demonstrates our commitment to sustainable oceans. Our Fish Oil is **molecularly distilled** and purified at our **family-owned-and-operated** facility located in the heart of the Midwest. **NSF certified** proves this product is tested to be **safe** from PCBs, heavy metals, and other environmental contaminants.

WILEY'S FINEST™ WILD ALASKAN FISH OIL

DIETARY SUPPLEMENT

ONLY
2
PER DAY

CHOLESTEROL SUPPORT

530 MG EPA + DHA
OMEGA-3

360 MG β-SITOSTEROL
PER SERVING

800 MG SIZE • 90 SOFTGELS

†MAY REDUCE THE RISK OF CORONARY HEART DISEASE

† Foods that contain at least 0.65 grams per serving of plant sterol esters may reduce the risk of heart disease when consumed twice a day for a total daily intake of at least 1.3 grams and part of a diet low in saturated fat and cholesterol. Cholesterol Support provides 0.8 grams of plant sterols in each serving of 2 softgels.

Our Unique Formula

Why EPA and DHA Omega-3 Fatty Acids?

EPA & DHA Omega-3s support healthy blood vessel function and circulation*

EPA & DHA Omega-3s promote healthy cholesterol and triglyceride levels*

Why Pine Tree Plant Sterols?

Plant sterols promote healthy cholesterol levels*
