

Directions: Take 20 or more drops under the tongue or in juice/yogurt daily. Refrigerate after opening. Best if used within 30 days of opening. Shake before using.

Chag-o-Power is the power of raw, wild, emulsified chaga mushroom. Chaga is a natural source of betulin and betulinic acid, which are natural sterols of high electrical charge that are needed by cell membranes. The sterols in chaga are heart-healthy.* Chag-o-Power is also a top source of wild SOD (superoxide dismutase).
