

Directions: Take two or more capsules daily with or without meals.

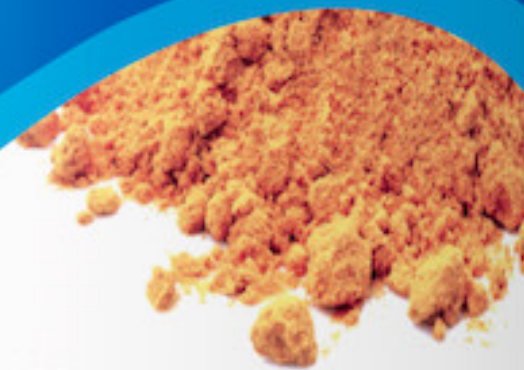

TurmericPower-Plus is the only wild, raw, whole food turmeric extract available, containing the full complement of curcuminoids and the turmeric essential oils—over 200 active ingredients. The turmerones are CO₂-extracted, which increases bioavailability and potency. TurmericPower-Plus contains the full complex of curcuminoids. Other turmeric products are mere isolates, which are inferior. Studies show that curcuminoids support the body's healthy natural antiinflammatory response and healthy digestion.* Its antioxidant powers are potent at 35,000 ORAC per serving. Mycellized for superior absorption. You'll feel the difference fast.
