

Fem EstroPlex® is designed to provide nourishment for the woman who experiences early menopause. The formula features quality extracts of traditionally used herbs and the antioxidant vitamins C and E to provide multiple levels of support during menopause and help maintain cardiovascular health. Some unique features include:

- Nutrients that support the adrenal glands' adaptive response.
- Cardiovascular support from vitamin E.
- The peaceful influence of valerian, motherwort, and vitamin B₆—a factor in the metabolism of some neurotransmitters.
