

Directions: As a dietary supplement for adults, add one (1) scoop of powder into 8 oz of water or juice once or twice daily, preferably on an empty stomach, or as directed by a physician.

Healthy Origins® American-Made L-Glutamine is an amino acid produced by the body to serve as a building block for proteins. It also helps supply fuel to the immune cells inside your GI tract. L-Glutamine is the most abundant amino acid found in your blood and muscle tissue. However, during times of stress or rigorous exercise, your natural levels of L-Glutamine may be reduced. For this reason, many athletes choose to add supplemental L-Glutamine to their diet and exercise regimen.*

L-Glutamine may help to optimize athletic performance, support muscle health, and support healthy immune cell function.*

Healthy Origins® American-Made L-Glutamine is manufactured by BioKyowa, Inc. in Cape Girardeau, MO and packaged in Pennsylvania.

Kyowa Quality and/or the KQ logo are registered trademarks of Kyowa Hakko Bio Co., Ltd.
