

Calcium is the primary mineral responsible for strong bones teeth and muscle function, Magnesium is important for healthy enzymatic activity and promotes essential nerve, muscle and heart function, and Vitamin D3 is essential for calcium transport and absorption.

Vitamin D3 also contributes to immune system health.† Certain research publications indicate that it may help support the following:

- ▶ Supports healthy bone and muscle.†
- ▶ Supports healthy enzymatic activity.†
- ▶ Supports healthy immune system.†

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
