

Coconut Oil (Cocos nucifera) is a traditional dietary staple of the people of Asia, Africa, and the Pacific Islands and has been used in Ayurvedic herbalism for thousands of years. Coconut oil is a rich source of Medium Chain Triglycerides (MCT's), such as lauric acid (C-12) and caprylic acid (C-8). MCT's are less likely to be stored in the body as fat than most other fatty acids.* Certain research publications indicate that MSM may help support the following:

- Supports healthy heart*
- Supports healthy immune & thyroid function*
- Supports healthy cholesterol level*
- Supports healthy weight & body composition*

SUGGESTED USE: As a dietary supplement, take three (3) softgels two to three times daily with meals, or as directed by your qualified healthcare professional.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
