

Curcumin is the principle bioactive component of Turmeric (Curcuma longa). Although it has been used for centuries by Ayurvedic herbalists, modern scientific research has demonstrated Curcumin's potent free radical scavenging properties, as well as its ability to support the body's proper response to biological stress.* Certain research publications indicate that Curcumin may help support the following:

- Supports healthy cardiovascular system*
- Supports healthy neurological function*

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
