

Doctor's Best Natural Brain Enhancers contains GlycerophosphoCholine (GPC) from AlphaSize® and PhosphatidylSerine (PS) from SerinAid®. Both are phospholipid nutrients intensively researched for their benefits to diverse human brain functions.* These nutrients naturally complement each other: GPC reaches very high concentrations inside cells, while PS is a part of the cell structure and is key in the maintenance of cellular function specially in the brain, where it generates the brain's energy and electricity.* Studies have shown that GPC and PS support memory, learning and other cognitive functions. PS may also help body in coping with occasional stress.*

Helps support attention, learning, memory, and other cognitive functions*

Helps assist the brain and body in coping with occasional stress*

Helps support the maintenance of cellular function and brain circuit renewal*
