

Dandelion (*Taraxacum officinale*) is a common flowering plant found abundantly in all temperate zones of the Northern Hemisphere. Dandelion Root is a source of many naturally occurring compounds including carotenoids, fatty acids, flavonoids and phytoosterols.* Certain research publications indicate that Dandelion Root may help support the following:

- > Supports liver and gallbladder health*
- > Supports healthy kidney function*
- > Supports healthy digestive function*

SUGGESTED USE: As a dietary supplement, take two (2) capsules two to three times daily, preferably with meals, or as directed by your qualified healthcare professional.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
