

Doctor's Best Collagen Types 1 and 3 contains hydrolyzed collagen protein (BSE-Free), which contributes to the growth and maintenance of healthy tissues.* Collagen is the structural protein essential for the strength and flexibility of bones, joints, tendons, ligaments, hair, skin, nails, and other tissues throughout the body.*

Vitamin C is added to the formula as an important nutrient required for collagen synthesis by the body.*

Helps support healthy hair, skin, and nails*

Helps support the strength and flexibility of bones, joints, tendons and ligaments*

Provides improved bioavailability due to the low molecular weight of component peptides*
