

DIM-complex contains diindolylmethane, a phytonutrient found in cruciferous vegetables including broccoli, brussels sprouts, cabbage, cauliflower and kale. Unlike other plant nutrients such as soy isoflavones, diindolylmethane has unique hormonal benefits. It supports the activity of enzymes that improve estrogen metabolism that are correlated with healthy breast, endometrial, and cervical tissues. Scientific research shows diindolylmethane increases the level of "favorable" estrogens (2-hydroxy-estrogen) while reducing the level of "less favorable" estrogens (16-hydroxyestrogen).*

No Artificial Color, Flavor or Sweetener, No Preservatives, No Sugar, No Starch, No Milk, No Corn, No Soy, No Egg, No Lactose, No Gluten, No Wheat, No Yeast, No Fish. Sodium Free.

SUGGESTED USE: As a dietary supplement, take one (1) to four (4) capsules daily, preferably with meals, or as directed by your qualified healthcare professional.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
