

Fenugreek is an annual Mediterranean and Asiatic herb with aromatic seeds. Fenugreek is also used around the world as a culinary spice and food that is soothing to the stomach. Fenugreek seeds naturally contain nutrients such as B vitamins, Vitamin C, and Beta Carotene – all of which support the optimal production of breast milk.† Certain research publications indicate that Fenugreek may help support the following:

- Supports healthy glucose balance.†
- Supports lactation and post-natal health.†
- Supports digestive and colon health.†

SUGGESTED USE: As a dietary supplement, take two (2) capsules two to three times daily, preferably with food, or as directed by your qualified healthcare professional.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
