

Forskolin is found in the roots of an herbal plant from the mint family. Researchers have found that forskolin can help to promote the breakdown of stored fats in animal and human fat cells. It may also release fatty acids from adipose tissue, which results in increased thermogenesis, resulting in loss of body fat and, theoretically, increased lean body mass.*

- Supports fat metabolism, fat reduction and weight management.*
- Supports heart and digestive health.*
- Supports healthy vision.*

SUGGESTED USE: As a dietary supplement, take one (1) capsule two times daily with full glass of water before meals on empty stomach, or as directed by your qualified healthcare professional.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
