

Directions: As a wild extract take 20 or more drops as needed under the tongue or in juice/water.

Truly wild and raw, CranFlush is the power of handpicked, remote-source, high bush cranberry. Because it's raw, all the nutrients and enzymes are intact. That's why CranFlush is potent for healthy bladder and kidney support.* Notice the brilliant crimson color. This is the sign of its natural flavonoid power. Use daily—take as much as you need.
