

Doctor's Best Fish Collagen contains Type I collagen peptide from Naticol™ Fish Collagen. These microgranulated peptides are easily dispersible, providing efficient digestibility and absorption for healthy skin and joints.* Studies have shown that marine collagen as a dietary supplement, helps to contribute increased skin moisture, elasticity and firmness, resulting in smoother and healthier skin.* This product contains no artificial color, is virtually tasteless and odorless.

- **Collagen is the key building block for the connective tissues of vital organs, joints, ligaments, tendons, hair, nails and the dermis layer of the skin***
- **Marine collagen helps boost the skin's resilience and capacity for water absorption and retention***
- **Helps support skin elasticity for smoother, healthier skin***
- **Helps support joint mobility***
- **Virtually tasteless and odorless, blends easily with any beverage**
