

L-Cysteine is a sulfur-containing non-essential amino acid that is an important component of hair, nails and the keratin of the skin. L-Cysteine stabilizes protein structure and aids in the formation of collagen, thereby promoting healthy skin, hair and nail texture and elasticity. It is also a precursor to L-Glutathione, a tripeptide involved in one of the body's detoxification systems.* Certain research publications indicate that L-Cysteine may help support the following:

- Supports healthy hair, skin and nail*
- Supports body's detoxification system*

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Store at room temperature.
