GNC QUALITY COMMITMENT

For more than 75 years, GNC has been the leader in the development and manufacture of dietary supplements and is committed to producing the most superior products. We use only the highest quality ingredients manufactured under the strictest quality controls. Every raw material used is tested to ensure its purity and potency. Each product is dated and then shipped immediately to our stores to ensure that you are purchasing the freshest supplements available.

GNC GUARANTEE

If you are not 100% completely satisfied, return the unused portion of the product with your receipt to a GNC store within 30 days. Our trained sales staff will either refund your purchase price or, if you prefer, assist you in finding a replacement product to help you LIVE WELL.

Fish oils naturally provide the heart-healthy omega-3 fatty acids EPA (Eicosapentaenoic Acid) and DHA (Docosahexaenoic Acid). Two enteric coated softgel capsules feature a total of 1000 mg of omega-3 fatty acids – 714 mg of EPA and 288 mg of DHA, three times the strength of GNC's regular Fish Oil. The enteric coating allows the softgel capsule to break down and absorb in the small intestine. This controls or reduces fishy burps.

A landmark study involving over 11,000 participants has confirmed the major benefits of fish oil on cardiovascular health. The omega-3 fatty acids found in fish oil are necessary for heart health.* They help support normal, healthy cholesterol levels and are necessary in the maintenance of normal blood pressure.* Individually, EPA is important for circulatory system health, and DHA provides support for healthy triglyceride levels.*

In addition to numerous heart health benefits, fish oil also:

- Supports joint and skin health*
- Supports the body's natural anti-inflammatory response*
- Supplies DHA which is required for optimal eye and brain function*

GNC Triple Strength Fish Oil 1240 has been purified and manufactured for freshness. Five separate purification processes are used until each batch of fish oil in our products is found to be free of detectable levels of mercury, cadmium, lead and PCBs. We use only the best quality ingredients derived from wild, deep ocean fish.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

GNC

TRIPLE STRENGTH FISH OIL 1240

DIETARY SUPPLEMENT

- 1240 mg of fish oil in each serving, providing 1000 mg total OMEGA-3 fatty acids EPA and DHA
