

Inositol Hexanicotinate is a stable, non-flushing source of Niacin. This superior source of Niacin works to reduce the common "niacin-flush" problems associated with high doses of Niacin supplements. Niacin (Vitamin B-3) is an essential B-vitamin necessary for good health. Many Niacin supplements cause a temporary Niacin flush or tingling red rash on the skin when taken in large doses. This flush-free Niacin is formulated to avoid such reactions.* Certain research publications indicate that Niacin may help support the following:

- Supports healthy nervous system*
- Supports energy metabolism*
- Supports healthy digestive system, skin & hair*

SUGGESTED USE: As a dietary supplement, take one (1) to two (2) capsules daily, preferably at mealtime, or as directed by you qualified healthcare professional. Consider taking this product in combination with Best Naturals B-100 Complex and D-Ribose.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
