

Directions: Take 20 or more drops of this potent extract under the tongue twice daily. For maintenance take at least 10 drops daily. Also add to water, juice, or milk.

Raspenol is truly a potent whole food made from wild, raw red raspberries. The berries are handpicked from only the most remote regions of North America. These are wild forest berries, which are extracted through cold processing. No heat, solvents, or chemicals are used. Raspenol is a top source of the powerful antioxidant ellagic acid.
