

Directions: Drink 1/2 to one ounce daily. For special circumstances drink more as desired. Add to juice, water, full-fat milk, or yogurt. Makes a great drink added to pure spring water (1/2 ounce per 8 ounces).

Super-5-Berries is the only wild, raw berries extract/drink available. All other berry extracts/concentrates are heated, which kills the enzymes. With Super-5-Berries the enzymes and all other nutrients are intact. It even contains wild-source vitamin C from camu camu. This is what makes it so powerful. In all other berry products the high energy compounds—the photons—are destroyed, while in the raw Super-5-Berries they are fully intact, which explains the potent energizing and cleansing powers of this unique, wild, remote-source formula.*
