

White Willow is a shrub with a long history of traditional use. Modern scientific researchers have identified numerous compounds from its bark that contribute to its bioactivity. Of these active compounds, Salicin is best known for its support of the body's healthy response to normal physiological stress. In addition to Salicin, polyphenols and flavonoids have also been found to contribute to its activity.* Certain research publications indicate that it may help support the following:

- Supports joint & muscle comfort*
- Supports healthy inflammatory response*

SUGGESTED USE: As a dietary supplement, take two (2) capsules two to three times daily as needed.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
