Zinc is an essential mineral that plays an important role in many enzymatic functions and also supports normal growth and development of the reproductive organs.† Certain research publications indicate that Zinc may help support the following:

- Supports energy production.†
- Supports skeletal and immune health.†
- Supports antioxidant protection.†

SUGGESTED USE: As a dietary supplement, take 1/8 teaspoon (450 mg) in juice, preferably between meals, one to three times daily as needed.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
