

Cinnamon has been used traditionally as a culinary spice and to support proper digestion. It is known to possess a number of bioactive constituents that exhibit free radical neutralizing activity; other studies suggest that Cinnamon components may support balanced immune system and inflammatory responses. Chromium is an essential trace mineral that works with insulin to support healthy blood glucose levels and plays an important role in the proper utilization of protein, fat and carbohydrates.† Certain research publications indicate that Cinnamon may help support the following:

- › Supports healthy blood sugar level.†
- › Supports carbohydrate, fat & protein metabolism.†
- › Supports heart and circulatory health.†

SUGGESTED USE: As a dietary supplement, take two (2) capsules daily, preferably with a meal. The capsules can be opened and the contents added to your favorite beverage or food.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
