

Coconut Oil (Cocus nucifera) is a traditional dietary staple of the people of Asia, Africa, and the Pacific Islands and has been used in Ayurvedic herbalism for thousands of years. Coconut oil is a rich source of Medium Chain Triglycerides (MCT's), such as lauric acid (C-12) and caprylic acid (C-8). MCT's are less likely to be stored in the body as fat than most other fatty acids. Combined with essential fatty acids, it is a perfect addition to an overall healthy lipid program.* The softgels are convenient and easy to swallow.

- Supports healthy heart*
