

It's fun to feel good.

Jigsaw CoQ10 w/SRT® utilizes patented MicroActive® CoQ10, a clinically shown form that delivers superior bioavailability in a 24-hour time release formula to enhance absorption in your body.*

Other CoQ10 supplements are poorly absorbed. The patented MicroActive® process overcomes this challenge because it ensures the CoQ10 arrives at the cell, comes apart, and deposits a single CoQ10 molecule for efficient absorption.*

Product of the U.S.A. with select ingredients thoughtfully curated from around the world.
