

Ribose is a naturally occurring pentose (5-carbon) sugar found in all living cells. It is an essential component, utilized by the body to synthesize DNA, RNA and produce energy. Ribose is a fundamental building block of adenosine triphosphate (ATP-the substance in which the body stores intracellular energy), the preferential source of energy for skeletal muscle and heart tissue. Certain reserach publications indicate that D-Ribose may help support the following:

- Supports healthy energy level in heart & muscle tissue*
- Support body's crucial antioxidant defenses *

CAUTION: For adults only, if you are pregnant, nursing, taking any medications or have any medical condition, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
