The ancient Mayans and Aztecs used Damiana as an aphrodisiac and as a general treatment to improve overall health and help to calm the nerves. Damiana is a woody plant with several stems. It grows in hot and humid parts of Mexico and South America.*

We care about the future of mankind and the planet we call home. As certified organic farmers we grow many of the herbs found in our products. Our regenerative practices heal the land, sequester carbon from the atmosphere and ensure that pure, potent herbal medicine is available today and for future generations. **Peace.**
