

Lutein is an antioxidant carotenoid that occurs in nature with zeaxanthin, a closely related carotenoid. Lutein and zeaxanthin concentrate in the eye's macula and lens, as well as in the skin, breast and cervical tissues. Both lutein and zeaxanthin protect the macula from degradation normally associated with aging and oxidative stress.* Lutein is extracted from marigold petals. Each softgel contains 20 mg elemental lutein from lutein esters, which are naturally occurring, more stable and are well absorbed.* Certain research publications indicate that Lutein may help support the following:

- › Supports healthy vision*

SUGGESTED USE: As a dietary supplement, take one (1) softgel daily, preferably with a meal.

Keep out of the reach of children.

Do not use if safety seal is broken or missing.

Keep in cool, dry place.
