Best Naturals® Probiotic 30 Billion CFU's offers a balanced spectrum of live organisms consisting of acid-resistant probiotic bacterial strains that are known to naturally colonize the human GI tract. Probiotic bacteria are critical for healthy digestion, help maintain the integrity of the intestinal lining, support proper intestinal motility and participate in the detoxification process. Probiotic 30 Billion CFU's is stable at room temperature. Certain research publications indicate that it may help support the following:

- > Supports healthy digestive & intestinal health*
- > Supports healthy immune function*
