DE111®		
<i>Bacillus subtilis</i>	5 billion CFU	*

* Daily Value not established

Nanoflora contains DE111. DE111 is Deerland Enzymes' single strain of the probiotic spore, *Bacillus Subtilis*. DE111 controls microbial populations in the gut by crowding out the bad bacteria such as *E. Coli*, making room for growth of good bacteria. DE111 can bind to the epithelial cells of the intestinal lining and increase numbers; this promotes a stronger intestinal lining to protect against immune response to food molecules that may be interpreted by the body as foreign objects.

What makes nanoflora different: - Premium quality sourcing - Non-dairy source - Stable - Clinically studied

Ingredients in 1 capsule: DE111 *Bacillus subtilis* 5 billion CFU. Other Ingredients: Rice Maltodextrin, Vegetable capsule (hypromellose, water).

Suggested Use: Take 1 capsule per day after a meal or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to using this product if you are pregnant, nursing, taking prescription medications or prior to any surgical procedures.

Keep out of reach of children.
