

Vitamin B-6, also called pyridoxine, is one of the more popular members of the B-vitamin family and is found in fresh vegetables. It is an essential nutrient required for the metabolism of lipids, carbohydrates, and proteins.* Certain research publications indicate that it may help support the following:

- Supports healthy heart & brain function*
- Supports the production of red blood cells*

SUGGESTED USE: As a dietary supplement, take one (1) tablet daily, preferably with a meal, or as directed by your qualified healthcare professional.

Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.
