

Best Naturals Vitamin D softgels supply this key vitamin in a highly-absorbable liquid softgel form. Vitamin D is normally obtained from the diet or produced by the skin from the ultraviolet energy of the sun. However, it is not abundant in food. As more people avoid sun exposure, Vitamin D supplementation becomes even more necessary to ensure that your body receives an adequate supply.* Certain research publications indicate that Vitamin-D may help support the following:

- Supports bone and dental health*
- Supports healthy muscle movement*
- Supports healthy heart and immune function*
- Supports calcium absorption in gut*

SUGGESTED USE: As a dietary supplement, take one (1) softgel daily with a meal. Consider taking this product in combination with Best Naturals Vitamin A and Calcium.

*Keep out of the reach of children.
Do not use if safety seal is broken or missing.
Keep in cool, dry place.*
