

Did you know?

Named after John the Baptist, St. John's Wort was once considered a holy herb and was widely used to help protect people from evil spirits. Today it's used to support a healthy mood and emotional well-being.*

We care about the future of mankind and the planet we call home. As certified organic farmers we grow many of the herbs found in our products. Our regenerative practices heal the land, sequester carbon from the atmosphere and ensure that pure, potent herbal medicine is available today and for future generations. **Peace.**

Free from: Dairy, wheat, peanuts, soy, gluten and corn allergens.
