

## A DIETARY SUPPLEMENT

BUFFERED VITAMIN C CRYSTALS is a dietary supplement designed to assist in neutralizing hyperacidity associated with ascorbic acid.† These Vitamin C crystals are derived from a non-corn source and contain absolutely no corn antigens. The mineral bicarbonates are naturally occurring minerals. The source of pantothenic acid is the purest USP grade form of calcium pantothenate available. The nutrients in this formula are the purest and highest quality available and contain no preservatives, diluents, sweetening agents or chemical additives.

## D I R E C T I O N S

Mix one half teaspoon into water or your favorite cold drink, or more as directed by a physician.
