

Hydrolyzed Collagen, also referred to as Collagen Peptides specially blended with Moringa leaf can have many health benefits such as:

- **Improve Skin Health.***
- **Help Relieve Joint Pain.***
- **Help With Bone Loss.***
- **Help Boost Muscle Mass.***

COLLAGEN is the most abundant protein in the body and one of the major building blocks of bones, skin, muscles, tendons, and ligaments. As the body ages, it produces less and lower quality Collagen.

MORINGA leaves are known to help protect against enzymes that breakdown collagen and elastin in the skin. Moringa is also known to help increase one of the key amino acids in protein collagen due to the Moringa trees high Vitamin C content. Not only does Moringa protect Collagen, it helps produce more of it.
