

BENEFITS OF 5 TYPES OF COLLAGEN

- Type I and III promote healthy skin, hair, nails, gut health and stronger bones*
- Type II helps improve joint health and balance and maintain body's natural pH levels*
- Type V collagen is beneficial for hair strands and surface tissue*
- Type X supports joint and bone health*

Suggested Use: Adults mix one (1) scoop with 8oz of water, juice, coffee, tea, or your favorite smoothie. Do this once or more times daily. To mix quickly add powder first then add liquid. Hot or warm liquids will mix faster. It will also dissolve slowly when left idle.

Reminder: Number of serving size per container varies. Powdered products sitting in containers settle to the bottom and become denser over time. The powder at the bottom will be a lot heavier than the powder atop. To maximize the full 58 servings, please shake and invert the bottle thoroughly so that each scoop has the same weight of powder. Please use the recommended scoop.

Caution: If you are pregnant, nursing, allergic, have a medical condition or taking any medications, consult a doctor before using this. Do not use if product has been opened or tampered with.

KEEP OUT OF REACH OF CHILDREN.

Color and odor may vary from lot to lot. Store in a cool, dry place.
