

Why Is Daily Use Recommended?

VASOBLITZ® is the first nitric oxide product to follow the research of daily use. Using the ingredients in VASOBLITZ daily increases the up-regulation of nitric oxide by two separate pathways. This means your body gets more efficient in making nitric oxide. If you have not used these ingredients daily, you have yet to feel the true power of nitric oxide.

As many already know, Day 1 is **GOOD**. Day 14 and beyond of daily use is an **EXPERIENCE**.
