Capsules

A DIETARY SUPPLEMENT

HOW IT WORKS

SUPPORTS HEALTHY INSULIN FUNCTION

Cinnamon & Banaba herbs support healthy function of insulin producing cells in the pancreas.

SUPPORTS HEALTHY GLUCOSE METABOLISM

Magnesium & Chromium are essential minerals used by enzymes involved in glucose metabolism, a process that moves sugars inside of the cells of the body to be used for energy!

SUPPORTS HEALTHY ORGAN FUNCTION

Powerful antioxidants in Milk Thistle & Bilberry support healthy markers of eye, liver, and kidney function. Vitamin B12 supports healthy nerves (by supporting the health of their protective coating).

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 30

	Amount Per Serving	%DV*

"I knew I could create formulas that would truly change lives."

Dr. Stephanie Redmond

Our story....

As a doctor of pharmacy and certified diabetes educator, I've focused my entire career on helping people with natural therapies and as few medications as possible. There are medical studies that show incredible benefits from combinations of specific herbs, vitamins, and minerals when used at the correct doses.

I was frustrated that there were no products available that contained **enough of** or **the right** active ingredients. Using medical research, I formulated my own products so that patients could get the most effective combination of ingredients, at high enough doses, with fewer pills, and from one trusted source.

With my high-quality innovative blends, you can feel confident you are getting natural supplements that are truly worth taking.*
