MSM is a naturally occurring, bioavailable sulfur compound. Sulfur is an indispensable nutrient and should be taken daily for optimal health and nutrition. OptiMSM microprills are the purest form of MSM.

**Directions for Use:** As a dietary supplement, take one-half to one teaspoon (2 to 4 grams) per day, preferably in the morning. If used for special conditions, take one-half to one tablespoon (6 to 12 grams) daily or as directed by your health care provider.

The statements herein have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.
