[†] At time of manufacture. 3 Billion CFUs at time of expiration.

ProDURA® is a registered trademark of UAS Laboratories, LLC.

Does not contain milk, egg, fish, crustacean shellfish, tree nuts, peanuts, wheat or gluten.

Meijer® Probiotic ProGels with 10 billion[†] CFUs are remarkably resistant: They contain a very special live beneficial microflora probiotic called ProDURA®. While many other probiotics die in the harsh conditions of the stomach, never providing you with their intended benefit, ProDURA® survives due to its unique protective coating. Upon meeting the perfect conditions of heat, pH and moisture found in the large intestine, ProDURA® probiotic releases out of its protective coating, providing its probiotic benefits.*

WARNING: If you are pregnant or nursing, taking medications, or if you have any medical condition or are planning any medical procedure, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

TAMPER EVIDENT: DO NOT USE IF SEAL UNDER CAP IS BROKEN OR MISSING.
KEEP OUT OF REACH OF CHILDREN.

For optimal storage conditions, keep in a cool, dry place with the cap tightly closed. Protect from excessive heat or freezing.

Individual results may vary.
