pretty.
tasty.

Collagen is the most abundant protein in the body and helps give structure to your skin, hair and nails. As you get older, your body’s natural ability to produce collagen will decrease over time – leading to visible signs of aging.

Youtheory® Collagen Liquid is designed to help counteract age-related collagen loss.* With 5,000 mg of uniquely soluble and highly absorbable collagen peptides, this great-tasting liquid formula provides the building blocks to support healthy aging and a more youthful appearance.* Use daily for optimal results.*

Amino acid values listed below represent typical averages for edible hydrolyzed collagen and are for informational purposes only. Per serving:
