

GlyphoDetox™ is formulated to safely remove agricultural toxins and support GI health. The researched ingredients in GlyphoDetox compete with common agricultural chemicals at key receptor sites, to prevent uptake and storage in critical organs and tissues. Natural binding agents bind negatively-charged toxins for safe elimination, while pre-biotic nutrients support long-term digestive health following exposure to agricultural and environmental toxins.*

- Supports the Elimination of Pesticides, Herbicides and Common Agricultural Chemicals*
- Supports Against Environmental Toxins*
- Promotes Thyroid and GI Health*

Vegetarian/Vegan Safe, Non-GMO, Sugar-Free, Gluten-Free
